

This book was produced in EPUB format by the Internet Archive.

The book pages were scanned and converted to EPUB format automatically. This process relies on optical character recognition, and is somewhat susceptible to errors. The book may not offer the correct reading sequence, and there may be weird characters, non-words, and incorrect guesses at structure. Some page numbers and headers or footers may remain from the scanned page. The process which identifies images might have found stray marks on the page which are not actually images from the book. The hidden page numbering which may be available to your ereader corresponds to the numbered pages in the print edition, but is not an exact match; page numbers will increment at the same rate as the corresponding print edition, but we may have started numbering before the print book's visible page numbers. The Internet Archive is working to improve the scanning process and resulting books, but in the meantime, we hope that this book will be useful to you.

The Internet Archive was founded in 1996 to build an Internet library and to promote universal access to all knowledge. The Archive's purposes include offering permanent access for researchers, historians, scholars, people with disabilities, and the general public to historical collections that exist in digital format. The Internet Archive includes texts, audio, moving images, and software as well as archived web pages, and provides specialized services for information access for the blind and other persons with disabilities.

# The Power of NOW

يتضح في هذا الكتاب. ومن الصفحات الأولى. أن إيكلهات تول واحد من المعلمين الكبار رغم أنه لا يتبع ديانة محددة. ولا يتمسك بأي تعاليم. ولا بمبادئ تعليمية أخرى. إلا أن عقيدته قد ضمت روح ووجدان جميع العقائد والديانات. وقد استطاع مع أي منها. سواء أكانت المسيحية أو الإسلام أو حتى الهندوسية واليهودية والديانات البدائية... إنه يصنع ما صنعه كبار المعلمين. يستخرج النعماء والكلمات واضحة وبسيطة أن الطريق والحقيقة والتنوير متجذرون فينا حقا.

يكشف جميع النعماء في الحياة التي تستمر وفق طبيعة واحدة. تحسدها مليارات الأشكال. التي قد تظهر وتختفي. تولد وتموت.

لكن وجود النعماء. ويوصفه المعنى الأكثر عمقا وأزلية ولا مرئية. لا يتواجد فقط خارج الأشكال الخيالية التي يتحداها بل ويتواجد كذلك في أعماق كل شكل. من هذه الأشكال. هذا يعني أن إدراك هذه الحقيقة متاح لكل واحد منا. وذلك بوصفها المعنى الأعظم لنا الشخصية. لكن لا تحاول أن تدركها بفطنتك فحسب. ذلك أنه عندما يكون عقلك في حالة من اليقظة والتوازن. وعندما يتركز كامل انتباهك وأقصى درجاته على اللحظة الحالية. يمكن أن تحس بجوهر الوجود. ولكن لا يمكن أن تدركه عقليا.

الرجوع إلى إدراك جوهر الوجود. والتواجد في حالة (الإحساس - الإدراك). هذا هو التنوير.
